Now in stock in our UK warehouse!

This is a Brand New, still in its crate, Lombardini Marine LMG4000 sound attenuated marine auxiliary generator set rated at 3.2kW (4kVA) at 3000rpm, 50Hz.

Lombardini Marine generators are built for ease of installation and reliable operation. All controls and maintenance points are sited on one side of the engine for easy access and the package is supplied with anti-vibration mountings pre fitted and ready to be fixed down to the vessel structure. With operation whilst sailing in mind, all Lombardini Marine generators are designed to run continuously at 25 degrees heeled over and intermittently to 30 degrees. The LMG4000 is powered by the Lombardini 15LD single cylinder engine which is renowned for its lightness and compact size.

Lombardini Marine generators carry a comprehensive standard 2 year warranty for leisure applications, with the option to increase to 3 years based on certain criteria being met.

The generator is supplied with the following standard equipment;

- Sound proof fibreglass enclosure
- Remote control box with 10 metre cable loom
- Automatic shut-off in case of low oil pressure, high temperature and overload.
- Set of anti-vibration rubber mounts.
- Oil extraction pump.
- Owners manual.

Options are available such as exhaust system components, mufflers and sea water cocks & filters.

Should no free stock be available, generators are available in approx. 14 days from date of order.

Item will normally be shipped from our Coventry warehouse, but collection can be made from either Coventry or our Poole office.

Special Price £3,445.00 excluding VAT.

Shipping cost is £180.00 to UK mainland addresses.
