Terhi 385 package.

This is for a Terhi 385 available in white/green.

Packaged with a Yamaha F2.5 outboard.

Terhi boats have a four year hull warranty

Yamaha F2.5 has a 5 year warranty.

The Terhi 385 has been Finland's top selling rowing boat for years.

Light and easy to row, it is a safe and stable boat for all ages of rowers.

The 385 also glides effortlessly with a small outboard motor.

Dry storage space under the front seat can be locked.

Can be used as a fishing boat or a safe tender as well as a family run around.

360° steering

Take the F2.5 on to the water and you'll soon appreciate how wonderfully agile it is. Full 360° steering offers exceptional manoeuvrability, and makes it much easier to get into tight spots. The tiller easily folds back for reversing and the control cables are protected inside the tiller arm so they won't get in the way.

Built-in fuel tank

To really get out there, you need to know you've got room for all the necessary gear, whether it's an extra box of bait for the fish, or an extra cooler of refreshments for you. To give you more space inside your boat, the F2.5 has a built-in fuel tank, eliminating the need for an external tank.

Shallow Water Drive system

You can cruise towards the shore with confidence thanks to Yamaha's Shallow Water Drive system. This offers protection for your propeller, whether you're in a murky lake or crystal clear shallows of the sea, so you can get as close as you need to be.

Steering friction adjustment

You'll find the F2.5 incredibly easy to control, thanks to the single-lever steering friction and throttle adjustment. This allows steering and throttle to be easily adjusted when you're out on the water, and ensures that you have great stability and control, even at high speed.

Extra,s if needed,

TERHI cover £249.00  
Cushion set £269.00  
Anchor and warp £50.00  
Multi-roller trailer £750.00.
