The brand new 4hp, 5hp and 6hp models are lightweight, easy and quiet to use, incredibly reliable plus they also boast a new design and unique colour.

With a compact design and weighing in at only 24kg (short shaft) these new outboards are incredibly versatile and with class-leading technical innovations and some simple, yet effective, ergonomic design features, these new models are incredibly easy to live with.

The key benefits and features are:

- Easy to transport and store courtesy of a new three-way storage capability which eliminates the worry of fuel or oil leakage
- Easy to lift and carry with two sturdy handles
- Easy to start after storage courtesy of a new forced lubrication and gravity-fed fuel system
- Easy to use with new tilt system
- Smooth and quiet running thanks to an offset crankshaft
- Low vibration as a result of a new tiller handle design
- Highly reliable thanks to a first in class oil filter
- Incredibly durable thanks to our anti-corrosion system
