● Rib Tenders ● United Kingdom ● Southampton ● 2017

The new FRIB 430 is the latest addition to the fleet and by adding one more articulation joint we have managed to create a mighty capable RIB that still folds down to fit in the back of a car with the seats folded down. The large roomy cockpit and larger are ideal for those that like to spend time on the water in large company or require a larger capacity payload and / or more powerful engine. The tubes are compressed of 5 separate sealed chambers giving increased safety for the more adventurous FRIBBER and the deadrise at 20 degrees midships gives a remarkably comfortable ride in bigger seas that is comparable to classic non folding RIBs

Yachting World review :- <http://www.yachtingworld.com/reviews/gear-reviews/tender-test-f-r-ib-foldable-rib>

Overall rating: 5 Star

F-RIB

Pros:

Compact size when folded
