Buy from the UK's most respected outboard dealer
Best price guarantee - try us we will beat any genuine quote!!

Mariner 4-Stroke outboard engines are definitely clean and efficient, with sufficient torque to get you quickly on your dinghy! With CD Ignition for effortless starting, consistent smoke-free operation, and a 'through' prop exhaust that softens exhaust sound by releasing it underwater.

Some of the lightest outboards in their class, and with some awesome features such as convenient multifunction tiller handle that gives easy one-handed operation, and automatic reverse hooks, make this a likeable outboard for any use.

It's easy to carry, there's also a convenient oil level indicator, and a lot of useful and high performance features, the Mariner Outboard is perfectly suited to navigating the marina or further afield, with the outboard getting a simple dinghy up onto the plane without any issue.
