BRAND NEW ULTRA LONG SHAFT TOHATSU 6HP 4-STROKE SAIL PRO OUTBOARD WITH CHARGING, SAIL DRIVE PROPELLER & 12 LITRE EXTERNAL FUEL TANK

7 Years TOHATSU Warranty

Overview:

Light and compact!

Front mounted shift lever

Trim tab reduces steering effort, functioning also as the sacrificial anode that protects the engine from electrolysis

Greatly reduced vibration for smooth and stable running at all speeds

Greatly reduced induction noise for a quieter ride

Ultra-low emission, EU and CARB 3-Star rating approved
Outboard with alternator and rectifier with charging capability
7 Year limited warranty
MFS6 CSL SailPro outboard has an alternator and rectifier with charging capability

If you're asking: 'What outboard can I use to charge electrics?' - then the Tohatsu 6hp SailPro is for you. This MFS6 CSUL SailPro marine engine has an alternator and rectifier with charging capability. This Sail Drive outboard engine can be used with your day boat and can be used to charge electrics and is the ultimate SailPro outboard.

High performance and easy operation:

- Recoil starter with larger reel making manual starting fast and easy
- Digital CD ignition for easier engine starting, quicker throttle response and smoother trolling
- Shallow water drive
- 6 trim positions
- Adjustable steering friction for reducing steering effort
- New longer tiller handle (110mm extension)
- Newly designed holding grip and larger carrying handle
- Through-the-prop exhaust for a quieter ride
- Thermostatically controlled cooling system for consistent engine temperature
- Stainless steel water pump housing liner for outstanding durability
- Zinc coating on internal water passages for superior corrosion resistance
- High grade marine aluminum alloy that provides the ultimate protection against corrosion
- 12 litre fuel tank including fuel fittings and fuel line
