New boat to order to your bespoke specification. The Intercruiser 28 Cabrio, the latest in-house design offers a superb cabin for two with complete facilities, including comprehensively equipped galley with fridge, two burner hob and sink. It has a flush toilet and sink, two wardrobes for storage, with the option to have either a dinette conversion to double berth or an island double berth layout. The cockpit is accessed via a wide centrally located door and hatch, giving a feeling of light within the cabin. The cockpit features the traditional aft helm familiar with the Dutch sloop layout and seating for up to 10 people in comfort on a large U shape seating area surrounding the helm. The boat has flat sides and fore decks, low level side rails and a fantastic full width bathing platform and transom steps which are all part of the integral hull mould, giving superb accessibility both to the water and ashore.

Accommodations

The Intercruiser 28 Cabrio has a cockpit with a big U-shaped bench, allowing maximum passenger seating and making this a very social boat.

There is spacious storage areas beneath the bench and a free standing steering column.

The Intercruiser 28 Cabrio also has a beautiful teak floor and stainless steel railings with Sunbrella cushions providing that extra luxury and comfort.

The cabin is completed with canopy and optional sunshade. The cabin bench can be converted into a double bed with interior lights fitted. Also included are two large cupboards and under bed storage, with an opening porthole with fly screen and two long windows.

The Intercruiser 28 Cabrio is both excellent in space and comfort.
