New boat to order to your bespoke specification. The Intercruiser 32 is the larger sister of the very popular and award winning Intercruiser 29. The uniqueness with this boat is the freedom for you to design the cockpit to your personal preference: with the helm position amidships or at the back. With the helm at the back of the boat she resembles a classic Dutch sloop design. If the helm is amidships behind the windshield the design lends itself to the classic motor yacht. The Intercruiser 32 offers plenty of sleeping accommodation for four adults. The forward areas of the cabin also has two options: an easily accessible double bed or two single berths. The feeling of space is plentiful, even more so with 1.88 meters headroom in the cabin.

Standard Equipment

Cockpit choice in "Lounge"
