The Beneteau Flyer 8.8 SUNdeck is a combination of technology and exceptional performance at sea with an unprecedented level of comfort. Built on second generation Air Step® hull, she will take up to 500 HP engine power and can carry up to 11 people. Driving the Flyer 8.8 sundeck is a real pleasure that combines sensations, relaxation and safety to perfection.

Fandango has been used very little and is now on the market to go to the right owner. She features a teak cockpit and an extra large T-top. Suzuki engines that are very reliable and durable. Now out of the water near Cala Dor.
