NEW from Beneteau - The Gran Turismo 32 Outboard version (faster and quieter than inboard)

The GT32 is the latest outboard cruiser from Beneteau and the FIRST outboard boat in the GT range. She is in essence a Flyer 10 with a hardtop. Boasting all the benefits that you would expect from the Gran Turismo range, she has the large sliding roof (perfect for UK weather AND hot Mediterranean summers), open back cockpit (can be enclosed with canvas), and complete with large table for entertaining that converts to an even larger sunbed. Down below she boats 2 double berths in two cabins and an epic heads with a full size seperate shower.

Arriving in the UK in May ready for the season.

Options included above standard Spec
