- 1962
- 23.8 m/78 ft

Maria Teresa was built in 1962 as a tug vessel called Capo Caccia and because of her solid hull and powerful engines, she was given difficult tasks over 30 years which she successfully accomplished. Testament to her strength is the fact that the Cantieri Navali at Sestri fitted her with modern technology but did not have to make any alterations to the form or efficiency of her original design. Are you going to spend your life on the seaside? There's something more that you can expect: a trip on the sea, in a stylish and highly comfortable boat, a real imperial charter, Maria Teresa. There is three wide deck, where you will enjoy and taste the warmth of the sea and the design of the ship, you will feel very welcome and it will opens a world of comfort and leisure.

Spaces are designed for the leisure and the pleasure, refined shapes and precious materials, and a crew able to let you sail safely and quietly.
