A fully equipped Bali 4.8 (2020), ready for charter, available through our Bali Yachting World Charter Management program in Croatia. This yacht will be located in our charter base in Kastela. The price is valid only if a two season minimum charter management contract is signed. Full specification of the yacht available on request!

BALI WORLD CHARTER MANAGEMENT

For all of you seeking for the easiest way to your own Yacht here is our Bali Yachting World charter management program that has already been recognized by many satisfied owners. Finally you can become an owner of a Bali Catamaran with minimal investment and enjoy all the benefits and advantages of yacht ownership without taking care of yacht maintenance. As an authorized Bali Catamarans dealer we can offer you the whole range of new and used Bali Catamarans on favourable terms.

KEY BENEFITS:

- excellent booking results, with more than 20 weeks per season (fleet average of 21,5 weeks/yacht)
- financial security with insurance against loss of charter income
- high maintenance standards ensure best resale value for your yacht regardless of its age
- special purchase conditions for your yacht
- high-quality aftersales support with prompt processing of claims throughout warranty
- favourable financing conditions through affiliate leasing companies
- transparent cash flow reports through constant insight in income and expense

If you would like to own a yacht but you are not sure you could finance it, maintain it or you do not have enough available time to use it as much as you would like to, Bali Yachting World charter management is the best choice for you. Join our charter management program and carelessly enjoy in your dreams coming true. The program is designed to help you find the easiest way to finance the

purchase of the yacht and its maintenance out of charter income while requiring the lowest possible initial investment.

BALI YACHTING WORLD Ownership

Intended for those who are aiming for maximum return on investment and flexibility in their holiday planning. The charter income is shared in 65% – 35% ratio in favour of the investor. The investor purchases the yacht in his name or in the name of his company and is more actively involved in the yachts business operations. A 35% down payment is sufficient to purchase a yacht while the rest can be financed by leasing. The charter income should cover the leasing annuities and the costs of maintenance, insurance and berth while, depending on the down payment amount, the investor can expect additional profit. With this charter management model, there is more flexibility in choosing the yacht and its equipment.

Destination and using your yacht

Once your vessel enters our Bali Yachting World Charter Management program, it will be based on the Croatian coast, in one of our charter bases in marina Kaštela, Marina Kornati in Biograd na Moru or ACI marina Dubrovnik. The Croatian coastline features 1185 islands and islets and offers fascinating places to discover. No matter if you are aiming to visit ancient ruins, peaceful bays with crystal clear water to swim in or vibrant and trendy towns, the Croatian coast has it all. Fascinating nature, a long chain of rugged islands of Croatia's mountainous coast, an abundance of anchorages and a stable climate make Croatia a cruising haven with the perfect sailing conditions. For all those keen on privacy or those who prefer untouched nature Croatia offers Mediterranean wild beauty, warm colours with beautiful light, generous and fragrant vegetation. Its coast alternates cliffs and caves, rocky inlets, fine pebble beaches and majestic bays. Traveling to Croatia is fast and easy, within 2 hours by plane you can reach it from almost any corner of Europe.

In the Bali Yachting World Ownership model you can use your yacht as much as you want but we recommend up to 4 weeks of usage per season, including 2 weeks in high season in order for the charter income to cover all your financing, maintenance, berth and other expenses. You can also use your yacht whenever it is not booked for charter.
