1995 Mitchell MK II with a Yanmar ME420STI This Mitchell is a cross between the Mark II and Mark III but having the extended cabin its much more like the Mark III.

The extended wheelhouse houses the saloon area and the helm; you then step down to the galley starboard and the heads compartment to port. Forward of this there is a good sized V-berth with an infill to make a double. The saloon also converts to a double berth.
