some examples of specs

Linder Sportsman 355

A planning boat for lakes and large or small rivers. For motors of up to 8 hp. Suitable for sheltered waters such as lakes and rivers. Easy to manoeuvre, even for a teenager. An environment friendlier choice of boat. Made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. The Sportsman 355 is supplied with aluminium oars.

Unsinkable Floats even when waterlogged and carrying 3 people. 3-year guarantee. Approved bow eye (insurance class 3). Security marked with micro dots (Securmark*).

Specifications

Length: 355 cm

Width: 146 cm

Weight: 84 kg

Hull depth: 54 cm

Rec. motor: 6-8 hp (4.38-5.88 kW)

Shaft length: Short

Max. load: 320 kg

Max. no. people: 3

Hull thickness: 1.7 mm

CE marked for category D: Sheltered waters

Linder Sportsman 400

A planning, family boat for lakes, rivers and coastal waters. Suitable uses include fishing and water skiing (lighter people). For motors of up to 20 hp. Lockable stowage space in the stern and middle seats. Optional steering console, including space for the battery, is available. An environment friendlier choice of boat made in high quality corrosion-resistant aluminium corresponding to that used in aircraft. Standard equipment includes aluminium oars and rowlocks.

Unsinkable and floats even when waterlogged and carrying 4 people. 3-year guarantee. Approved bow eye (insurance class 3). Security marked with micro dots (Securmark*).

Specification

Length: 401 cm

Width: 164 cm

Weight: 125 kg (139 kg with steering console)

Hull depth: 63 cm

Rec. motor: 6-20 hp (4.38-11 kW)

20 hp only with steering console

Shaft length: Long

Max. load: 420 kg

Max. no. people: 4

Hull thickness: 1.8 mm

CE marked for category D: For sheltered waters

Linder Fishing 410

A light clinker-built rowboat for lakes that can be powered by a small outboard motor or e-drive. Versatile and easy to load onto a car roof and carry between different waters. An environment friendlier choice of boat.

Made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. Fishing 410 is supplied with aluminium oars and rowlocks as standard.

Unsinkable and floats even when waterlogged and carrying 3 people. 3-year guarantee. Approved bow eye (insurance class 3). Security marked with micro dots (Securmark*).

Specification:

Length: 403 cm
Width: 156 cm
Weight: 75 kg
Hull depth: 63 cm

Rec. motor: 2,5 hp (1.86 kW)
Shaft length: Short

Max. load: 300 kg
Max. no. people: 3

Hull thickness: 1.7 mm
CE marked for category D: Sheltered waters

Linder Fishing 440

A light but stable clinker-built boat for the whole family. Suitable for lakes, rivers and sheltered coastal waters, the craft is easily rowed or powered by outboard motors up to 5hp or E-Drives. Stowage space in the stern and middle seats and oars and rowlocks supplied as standard. The Fishing 440 has the market's lowest petrol consumption – 0.11 litres per sea mile with one person at seven knots and thus is an environment friendlier choice of boat. Made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft.

Unsinkable and floats even when waterlogged and carrying 4 people. 3-year guarantee. Approved bow eye (insurance class 3). Security marked with micro dots (Securmark*).

Specification

Length: 431 cm
Width: 164 cm
Weight: 94 kg

Hull depth: 60 cm
Rec. motor: 2-5 hp (1.46-3.07 kW)

Shaft length: Short

Max. load: 400 kg
Max. no. people: 4

Hull thickness: 1.7 mm
CE marked for category D: Sheltered waters

Linder Sportsman 445 Basic

A planning, family boat suitable for sea and lake, and ideal for fishing as well as water skiing. Rated for tiller control engines up to 20 hp. Stowage space in the stern and middle seats. Aluminium floor plate, bathing ladder and automatic bilge pump. Aluminium Oars & rowlocks are supplied as standard. Made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. An environment friendlier choice of boat. Securmark* security marked.

Specification

Length: 451 cm
Width: 175 cm
Weight: 178 kg

Hull depth: 73 cm
Rec. motor: 20 hp (14.7 kW)

Shaft length: Long
Max. load: 484 kg

Max. no. people: 4

Hull thickness: 2.0 mm

CE marked for category C: For coastline and inshore waters

Linder Sportsman 445 Max

Same hull as the 445 Sportsman Basic, except with steering console fitted. A planning, family boat suitable for sea, rivers and and lake and great for fishing as well as water skiing. For motors of up to 30 hp. Stowage space in the stern and middle seats. Standard equipment includes aluminium floor plate, bathing ladder, automatic bilge pump, steering console, electrical system, gunwale toe rail and grab rails. Made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. An environment friendlier choice of boat. Securmark* security marked.

Specifications

Length: 451 cm

Width: 175 cm

Weight: 203 kg

Hull depth: 73 cm

Rec. motor: 30 hp (22 kW)

Shaft length: Long

Max. load: 465 kg

Max. no. people: 4

Hull thickness: 2.0 mm

CE marked for category C: For coastline and inshore waters

Linder Sportsman 445 Catch

A thoroughbred sports fishing boat with a fishing platform in the bow and plenty of room in the stern to stand and fish in. Suitable for jerk bait, spinning and vertical fishing. Can be equipped with two optional folding fishing chairs. The chair mounts are standard. 445 Catch is also an excellent utility boat that is at home on sea, river or lake. Rated for outboard motors up to 30 hp.

445 Catch comes equipped with a steering console, fishing rod box (also serves as a step) ample stowage space for batteries, fishing equipment, fuel, etc, a chequer plate floor, bathing ladder, automatic bilge pump, several 12v power outlets, easy-to-grip toe rails with grab rails. In developing 445 CATCH, we collaborated with experienced sports fishers.

The boat even is prepared for a remotely controlled electric motor in the bow operated via a remote control on the wrist or foot peddle. A special electric motor mount has been developed for the stern. Topping everything off, there are small details such as a lure holder and an in-built yardstick for measuring fish. An environment friendlier choice of boat that is made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. Securmark* security marked.

Specification

Length: 451 cm

Width: 175 cm

Weight: 230 kg

Hull depth: 73 cm

Rec. motor: 30 hp (22 kW)

Shaft length: Long

Max. load: 465 kg

Max. no. people: 3

Hull thickness: 2.0 mm

CE marked for category C: For coastline and inshore waters

Linder Arkip 460

A utility boat ideal for cruising, skiing and fishing, with planning hull performance. Rated up to outboard motors of up to 50 hp, standard equipment includes a solid toe rail, easy-to-grip grab rails, aluminium floor plate, bathing ladder, automatic bilge pump, 150 cm rod box, side steering console, navigation lighting and ample passenger and stowage space. An environment friendlier choice of boat and made in high-quality corrosion-resistant aluminium corresponding to that used in aircraft. Securmark* security marked. It has been approved by DNV Maritime, the independent foundation that has been quality certifying pleasure boats, yachts and vessels worldwide since 1864. Security marked with micro dots (Securmark*).

Specifications

Length: 460 cm

Width: 185 cm

Weight: 286 kg

Freeboard height: 58 cm

Hull thickness: 2.4 mm

Hull angle: 12°

Interior height: 60 cm

Rec. motor: Max 50 hp (37kW)

Shaft length: Long

Max. load: 525 kg

Max. no. people: 5

Approved bow eye: Insurance class rating 3

CE marked for category C: For coastline and inshore waters

Linder Arkip 530 BR

Linder is expanding its ranges. Quite literally! Arkip 530 BR is a full 214 cm wide. It is also 530 cm long (576 cm with a bathing platform) and, consequently, a large boat with room for up to 6 people. A boat that is ideal for long sea trips.

Linder's hallmark design (a "form-stretched" hull) gives the Arkip 530 BR harmonious lines, stable and well balanced handling and striking beauty. The slender shape and 16° hull angle ensure a low planning threshold. This promises speed. With a 100-hp motor, you can reach up to 38 knots. As standard, the Arkip 530 BR is richly equipped. Double console with door, gas-sprung flip-up comfort seats (vertically and laterally adjustable), foldaway cover with box, stern seat pads with backrests, hydraulic steering (from the comfortable wheel), 9-inch GPS/sonar (Garmin 922xs incl. DownVü transducer and transducer mount), fixed fuel tank (67 l), space for removable tanks, self-bailer, automatic bilge pump, flexible layout (removable stowage compartments in stern and bow), integrated step, easy-to-grip grab rails, substantial bathing platforms with integrated ladder and anchor lockers are just some examples. Can be equipped with seat pads in the bow, ski pylon and fishing deck.

Like all Linder boats, the Arkip 530 BR is very safe with buoyancy built into the hull sides.

Specifications

Length: 530 cm (576 cm With Bathing platform)

Width: 214 cm

Weight: 610 kg

Freeboard height: 81 cm

Hull thickness: 2.7 mm

Hull angle: 16°

Interior height: 60 cm

Rec. motor: Max 70 ~ 100hp (51 ~ 74kW)

Shaft length: Long

Max. load: 675 kg

Max. no. people: 6

Approved bow eye: Insurance class rating 3

CE marked for category C: For coastline and inshore waters
